

## **Toren – Your Head Boy**

I am an ambitious boy, who is always challenging myself and I believe that this will help me be a great Head Boy as I can take the school to new levels. I am driven so I can push others like I push myself to create new ideas that will benefit the school. I have a talent for rugby so I work well in a team and always show good sportsmanship.

Last year, I was Patrol Leader in Cubs, which has taught me to be able to look after smaller children. I also became a School Councillor, which has taught me how to make important decisions, whilst listening to the opinions of others. I am now confident at speaking in front of larger groups of people.

My vision for the school is to implement playground monitors, which will help support the lunchtime staff.

“I will help make a difference.”

## **Frankie – Your Head Girl**

I am hard working, which means I never give up and always do my best. I am also a team player. I encourage and support people in what they do. One of my many other qualities is that I'm a good friend. I have a talent for horse riding. It is my most favourite thing to do in the world. It has taught me to be resilient and although I fall off, I always get back on and carry on from where I left off. All of these are good qualities for your head girl.

I have been part of the Worship Committee, which has taught me to respect, care and look after others in the school. Also I made the cross country team and this made me believe in myself and I can pass that on to the rest of the school in the upcoming year. Helping others is the right thing to do and that's what I am willing to do for you. My big sister was a brave, determined and adventurous person and I want to grow up to be just like her.

## **Millie – Your Deputy Head Girl**

I am trustworthy so people can always come to me if they are upset and then I can help them. I am very friendly so if you need a friend I am the person for you. I will also be determined to help people reach their goals. I will speak up for everyone, make them happy and make them smile

I did a sponsored walk for Children in Need, which taught me that other people need things more than others. This also taught me you need to show perseverance to make things happen. When I was in Key Stage 1, I joined Rainbows, which I was very scared and fearful of. During my time there, I learnt to be respectful in many different ways. In my younger years, I was very shy but I have overcome my fear of talking to people. Hopefully, I can inspire others to come out of their shell.

## **Dominic – Your Deputy Head Boy**

I am responsible, caring and honest. These qualities will help make the school a better place for everyone. Here. I will put problems into my own hands and answer any questions honestly. I have a talent for swimming, which has taught me how to work hard and persevere.

My vision for the school is to run more fundraisers for charities so they can be as happy as a cat with yarn. My second vision for the school is to have a school mascot. A school mascot will encourage everyone to work hard and keep learning.

Mr Whelerton, Headteacher, said, "Dominic is an excellent role model for everyone in the school. He always tries his best in everything he does and is never short of enthusiasm."
